How to draw:

GUMBALL

Start by drawing a circle, with a squashed circle inside it. This makes the basic shape of Gumball’s head. Then add a rectangle for the body.

Add some circles for eyes, then nose and mouth outlines as shown above.

Draw a horizontal line for the waist and a sausage shape for feet. Add two right angled lines for arms.

Using the template for the face define the features by drawing in the pupils, nose and teeth. Draw circles at the end of the arms for hands.

Using your guides mark out Gumball’s arms, hands, trousers and feet. Draw eyebrows to give Gumball more expression.

Draw over Gumball’s outline with a thick black marker. Rub out the guides and any sketchy lines. Colour him in and What the What?! It’s Gumball!

You will need: A pencil, a piece of plain paper, an eraser, black marker pen and colouring pens. You should remember to draw lightly to begin with so you can rub out your rough lines easily.
